Request

I am thinking of relocating my rheumatology care to the RD & E Rheumatology department and it has been suggested that Dr Richard Haigh may be a good option as Consultant.

What I wish to find out is what other patients have thought of his care and so I am requesting under the FOI stats of complaints against this Consultant during 2015 or if you are unable to supply that then just stats of complaints against the Rheumatology department.

Obviously this is the minimum information but any other positive or negative info would be greatly appreciated.
