

Request title: Dermatology Patients Treated

Date of Response: 19th January 2016

Further to your Freedom of Information request, the Trust has answered your questions in the order they appear in your request.

Request

How many patients have you treated for Moderate or Severe Atopic Dermatitis?
If this is unknown, how many patients have been treated by your dermatology department in total?

How many patients have you treated for Hidradenitis Suppurativa [also called Acne inversa] ?
If possible, please state the number of patients by the Hurley's staging;

1. Stage 1
2. Stage 2
3. Stage 3

Reply

The Trust does not collect information at diagnosis level for outpatients. Therefore, it will not be possible to provide you with the information for all patients because unless they have had an admission episode the Trust does not hold diagnosis specific information at patient level.
