

Request title: Maternity Discharges 2011-2015

Date of Response: 22nd March 2016

Further to your Freedom of Information request, the Trust has answered your questions in the order they appear in your request.

Request

1. For each of the past five calendar years (2011 to 2015) what is the total number of women who have been discharged from maternity units/birthing centres between the hours of 00.00 hours and 06.00 hours after having live births?

Please note I would like an individual figure for each year rather than an overall total.

2. I would also like details on the times of day mothers are discharged from your maternity units/birthing centres after giving birth, during 2015.

For 2015 I would like the number of mothers who have given live births discharged for each hour of the day;

-Between 00.00 hours and 00.59 hours

-Between 1.00 hours and 01.59 hours

-Between 02.00 hours and 02.59 hours and so on to complete the 24 hour period.

Please reply by email and put the results in a table, preferably using an Excel spreadsheet
